THE NATIONAL SHOW RING OF ETHICS:

It is the intent of the livestock show management to provide each and every exhibitor an atmosphere of competitive spirit that promotes an educational experience, as well as honesty and integrity. As an exhibitor, you have spent countless hours caring for your live animal. Through this project, you have gained knowledge in animal husbandry that includes selection, genetics, nutrition, health, fitting, showing, economics, and marketing. Hopefully you are also developing life skills such as communication, leadership, cooperation, discipline, responsibility and financial management. By participating in this competitive event, you are putting your hard work and effort on display before judges who will evaluate your livestock at this show. Your skills and knowledge are also on display and evaluated by the general public.

It should give each and every one of you the utmost satisfaction knowing that you are entering this event with a clear conscience that you did your best, and will walk away with more than you had coming into this competition. Experience is a valuable teacher. It allows each of you as exhibitors to gain knowledge and enables you to improve each time you participate in any type of function, whether it is livestock or non-livestock related. The Livestock Show Management strives to provide each participant an opportunity for a positive educational experience and the potential to enjoy competitive excellence. Remember that the choices you make today will determine what you will have, be and do in the tomorrows of your life.

The management of this livestock show expects each exhibitor to perform their own work and present an honest animal for competition to the best of their ability. There is no place for individuals that incorporate deception, dishonesty, cheating or sacrifice the humane treatment of the animals for the cost of winning at this show. Cheating defeats the purpose of the livestock show to teach animal husbandry and to improve the genetic pool. Those exhibitors who choose not to follow the rules and guidelines of the livestock show will not be allowed to participate. Remember the creeds of 4-H and FFA organizations, as well as “The National Show Ring Code of Ethics.” You are a representative of over one million young people who are privileged to participate in fairs and livestock shows throughout the United States, and each of you need to uphold the integrity of the youth programs you represent.

Above all, be honest with yourself and fellow livestock exhibitors. Livestock Show Management expresses to each and every one of you the best wishes during our show. We hope the experience you gain will be positive, educational and challenge you to continue to improve your skills in animal husbandry, provide you an understanding atmosphere of sportsmanship and help to promote honesty and integrity in everything you do.

Sincerely,
Osceola 4-H and FFA Fair
These guidelines will supersede the National Show ring Code of Ethics

## Revised March 2015

**COPIES MAY BE MADE**
Dear Friends,

Welcome to the 2016 fair season, a family-centric entertainment staple which pays homage to our rich agricultural heritage. Millions of Michigan residents and tourists attend county fairs every year, which are an annual family tradition for many. These events are wonderful opportunities to experience Pure Michigan at its finest. There is much to be excited about in Michigan agriculture today and our county fairs are part of that growing enthusiasm.

I am proud of both Michigan’s 4-H program and the tremendous accomplishments of our FFA peers. Thanks to Michigan’s local and county fairs, our youth have the opportunity to showcase their hard work while educating fairgoers about the state’s food and agriculture industry. There are tremendous career opportunities to explore in a variety of areas including biotechnology, microbiology, soil science, meteorology and more.

Our county fairs are full of local charm and agricultural traditions. This year, be sure to make visiting one of Michigan’s local or county fairs part of your summer travel plans.

Sincerely,

Rick Snyder
Governor

On behalf of Michigan’s fair industry, welcome to the 2016 county fair season.

Millions of people attend Michigan’s county fairs each year, and this year’s fair season promises to provoke the sights, sounds and activities that have become an annual tradition for many of us.

Michigan fairs are an important part of our state’s growing food and agriculture industry helping to maintain a much-needed connection to rural traditions while highlighting modern agriculture practices. Our state’s 86 local, county and state fairs provide safe, family-friendly entertainment and celebrate the bounty of our agricultural harvest.

Fairgoers support the nearly 50,000 Michigan youth who participate in livestock and community arts exhibitions each year. Many local businesses and families also support the efforts of our young exhibitors’ efforts through youth livestock auctions held at each of our county fairs. Many of our exhibitors use the auction proceeds to help fund their future career aspirations including vocational tech, skilled trades, and college education.

Whether you are here as a sponsor or exhibitor, or simply to enjoy the livestock shows, food, midway rides, and entertainment awaiting you at the ‘fair’, I wish you great adventures during the 2016 fair season.

Regards,

Jamie Clover Adams

Each will have to show the other animals: HORSE, DAIRY, BEEF, SHEEP, SWINE, Llama, Alpaca. Each department will have a special showmanship class from which the judge will select the top eligible showman to represent their department in the Sweepstakes Showmanship. In horse, dairy, beef, sheep, swine, and goats, the highest ranking eligible showman in each age group or level will compete for the top eligible showman in their department. Then the next highest ranking eligible showman to the one named top showman will go into the ring to compete for the alternate position in their department. A previous Sweepstakes winner is not eligible to enter this special class. Exhibitors that have won sweepstakes are still eligible to win overall showmanship in each species, just not eligible to compete in Sweepstakes Showmanship.

Official Michigan 4-H Showmanship score sheets shall be used for the regular showmanship contest, with the specified point scale to determine the placements of each individual youth competing in their species showmanship class. These official showmanship score sheets will also be used to determine placement of each Sweepstakes showman for each of the Sweepstakes Showmanship species on Saturday. The youth with the highest total score for all four species added together will be the Sweepstakes Showmanship Champion. A previous Sweepstakes winner is not eligible to enter this special class.
