THE NATIONAL SHOW RING OF ETHICS:

It is the intent of the livestock show management to provide each and every exhibitor an atmosphere of competitive spirit that promotes an educational experience, as well as honesty and integrity. As an exhibitor, you have spent countless hours caring for your live animal. Through this project, you have gained knowledge in animal husbandry that includes selection, genetics, nutrition, health, fitting, showing, economics, and marketing. Hopefully you are also developing life skills such as communication, leadership, cooperation, discipline, responsibility and financial management. By participating in this competitive event, you are putting your hard work and effort on display before judges who will evaluate your livestock at this show. Your skills and knowledge are also on display and evaluated by the general public.

It should give each and every one of you the utmost satisfaction knowing that you are entering this event with a clear conscience that you did your best, and will walk away with more than you had coming into this competition. Experience is a valuable teacher. It allows each of you as exhibitors to gain knowledge and enables you to improve each time you participate in any type of function, whether it is livestock or non-livestock related. The Livestock Show Management strives to provide each participant an opportunity for a positive educational experience and the potential to enjoy competitive excellence. Remember that the choices you make today will determine what you will have, be and do in the tomorrows of your life.

The management of this livestock show expects each exhibitor to perform their own work and present an honest animal for competition to the best of their ability. There is no place for individuals that incorporate deception, dishonesty, cheating or sacrifice the humane treatment of the animals for the cost of winning at this show. Cheating defeats the purpose of the livestock show to teach animal husbandry and to improve the genetic pool. Those exhibitors who choose not to follow the rules and guidelines of the livestock show will not be allowed to participate. Remember the creeds of 4-H and FFA organizations, as well as "The National Show Ring Code of Ethics." You are a representative of over one million young people who are privileged to participate in fairs and livestock shows throughout

the United States, and each of you need to uphold the integrity of the youth programs you represent.

Above all, be honest with yourself and fellow livestock exhibitors. Livestock Show Management expresses to each and every one of you the best wishes during our show. We hope the experience you gain will be positive, educational and challenge you to continue to improve your skills in animal husbandry, provide you an understanding atmosphere of sportsmanship and help to promote honesty and integrity in everything you do.

Sincerely,

Osceola 4-H and FFA Fair

These guidelines will supersede the National Show ring Code of Ethics

Dear Friends:

Welcome to the 2020 fair season – a family entertainment staple highlighting Michigan's rich agricultural heritage. Our county fairs offer unique local charm, as well as educational opportunities for kids and adults alike.

Each year, I am continually amazed by Michigan's 4-H and FFA members and their accomplishments as they compete against their peers. Thanks to Michigan's local and county fairs, our youth are able to showcase their hard work while educating fairgoers about Michigan's vibrant and diverse food and agriculture industry. I guarantee you will be impressed by their exhibits featuring cows, horses, rabbits, and much more, all raised by area FFA and 4-H members. Not only are Michigan's county fairs full of farm animals but they are also home to delicious fair foods and fun activities for the community to enjoy.

Be sure to visit one of Michigan's local or county fairs this summer as part of your summer family vacation plans.

Dear Friends,

On behalf of Michigan's fair industry, welcome to the 2021 county fair season!

Millions of people attend Michigan's county fairs each year, and while this year's fair season may look slightly different due to COVID precautions, I'm confident fairgoers will continue to enjoy the sights, sounds and activities that have become an annual tradition for many of us.

Michigan's county fairs are an important part of our state's growing food and agriculture industry, helping to maintain a much-needed connection to rural traditions while highlighting modern agriculture practices. Our state's 85 local, county and state fairs provide safe, family-friendly entertainment and celebrate the bounty of our agricultural harvest.

Fairgoers support the nearly 50,000 Michigan youth who participate in livestock and community arts exhibitions each year. Many local businesses and families also support the efforts of our young exhibitors' efforts through youth livestock auctions held at most of our county fairs. Many of our exhibitors use the auction proceeds to help fund their continued education.

Whether you are here as a sponsor, exhibitor, or a fairgoer, there are many family memories awaiting you. I wish you great adventures during the 2021 fair season.

Regards,

Gary McDowell
Director
